

To Whom It May Concern

July 26, 2010

The Art Institute of Fort Lauderdale has used Precision Air Conditioning for almost 20 years. In that time, they have handled all of our buildings, whether it be service, construction or replacements.

Since we are open 6 days a week, we require most work to be done at night or on weekends and Precision Air has always stepped up and gotten the job done. I would highly recommend Precision Air to anyone who is looking for customer service, quality and reliability.

Sincerely,

Peter M. Hughes  
Director of Facilities
