Dear Tim,

Roepnack Corporation has worked with Precision Air over the past five years and I would like to take this opportunity to extend my recommendation. Precision Air has consistently demonstrated their professionalism and detailed knowledge of a variety of mechanical systems.

Roepnack has used Precision Air on multiple projects, and we will continue to as they have completed each job on time.

We have always been very satisfied with Precision's level of quality, field workforce, and commitment to safety.

I continue to consider Precision Air as a first class HVAC contractor with a dedication to customer service and integrity throughout their entire workforce.

Sincerely,

Robert Roepnack
President
